Assignment of code elements for Saint Barthélemy and Saint Martin and update of France and other French Territories

ISO 3166-1 Newsletters are issued by the secretariat of the ISO 3166/MA when changes in the code lists of ISO 3166-1 have been decided upon by the ISO 3166/MA. ISO 3166-1 Newsletters are identified by a two-component number, stating the currently valid edition of ISO 3166-1 in Roman numerals (e.g. "VI") and a consecutive order number (in Latin numerals) starting with "1" for each new edition of ISO 3166-1. **All the changes indicated in this Newsletter refer to changes to be made to ISO 3166-1:2006 as corrected by its Technical Corrigendum 1, ISO 3166-1:2006/Cor 1:2007 (published 2007-07-15).**

The ISO 3166 Maintenance Agency has agreed to the following change(s) to ISO 3166-1:2006, *Codes for the representation of names of countries and their subdivisions — Part 1: Country codes.*
For all countries affected, a complete new entry is given in this Newsletter. A new entry replaces an old one in its entirety. The changes take effect on the date of publication of this Newsletter. The modified entries are listed from page 2 onwards. For reasons of user-friendliness, **changes** to be added are presented in **red colour** and those deleted in ~~blue colour~~. The table below gives a short overview of the changes made.
